EXECUTIVE OFFICES

April 6, 1948

Mr. Grote Reber
P. O. Box 4868
Cleveland Park Station
Washington, D. C.

Dear Mr. Reber:

Replying to your letter of April 3, the payment of \$150 within any one fiscal year will enroll an individual as a life member of the Association. Because of this payment, the member will not be required to remit dues throughout the remainder of his life. The payment will include the subscription to either Science or The Scientific Monthly.

You may be interested in learning that on the death of a life member the entire fee reverts to the permanent endowment fund, the income from which is used for grants for research.

Sincerely yours,

A.A.A.S. per
