Ref: Yours of 18th February

Dear Mr. Groueff,

I suggest that you write to:

National Radio Astronomy Observatory,
P.O. Box 2,
Green Bank, West Virginia

and ask for copies of:

- A. Colour postcard of my 32 ft. diameter Wheaton, Illinois dish as now situated at NRAO. This is a very bright picture sold to tourists for a few cents.
- B. Black and white picture of me holding a slide rule at a desk. This is one I like. No colour photos of me are in existence to my knowledge.

Very truly yours,

Grote Reber.
