

22/2/83

Dear Dr. Davies:

Your telegram and letter of 21/1/83 arrived promptly. I am most grateful and very flattered. Unfortunately, I have no plans to be in Europe during visible future. It is not possible for me to appear in person; however much I would like to.

Presumably the ceremony will be in London. Accordingly, I have written to Martin Rees, asking him to stand in for me and say a few words of appreciation on my behalf. I have asked him to contact you directly for a mutually convenient date. Trusting you will hear from him in due course, I am

Sincerely yours,

Grote Reber
