

15th February 1965

Greetings Rhys:

Enclosed is a draft of an article I have written entitled Age of Tasmanian Aborigines. Upon reading it over, the contents seem sort of dull. Unfortunately, I am not an archeologist, nor can I spend much more time on this search. Please read it over and make any suggestions you wish. I'll take the subject up with you when I see you.

My plan is to drive to Wynyard on the 25th. I'll appear at your camp or the digging about 9am on the 26th. I can stay four or five days to help you finish. With luck I'll also bring some fotos taken from the air.

Best regards,

Grete
