Viscount De L'Isle, V.C., P.C., G.C.M.G.,
G.C.V.O., K.St.J., Governor-General of
the Commonwealth of Australia.

157 GLOUCESTER ST., SYDNEY

TELEPHONE: 27-1089

TELEGRAMS: INSTRADIO, SYDNEY

BOX 8120, G.P.O. SYDNEY

8th January, 1964.

Dr. Grote Reber,
C/- C.S.I.R.O.,
Stowell Avenue,
BATTERY POINT. TASMANIA.

Dear Doctor,

The Hobart Committee of this Institution proposed to Council some time ago that you be elected to Honorary Membership of the Institution during the period of your stay in Australia, and I am very pleased to advise you that Council, having concurred in the Division's proposal, now offers this formal invitation to you to become an Honorary Member.

Because the invitation comes after the published announcement in the Hobart "Mercury" of December 13 last of the conferment of this membership, we will not anticipate any formal reply. However, to enable us to suitably publish a reference to your work in Tasmania in our Journal "Proceedings", we would like to have from you some 200-300 words of biographical material and a portrait photograph, if you have one available.

My Council is well aware not only of your work as a pioneer in the field of radio astronomy, but also of your association with the activities of the Hobart Division, and has asked me to convey to you its good wishes and hopes that you will find your stay in Australia most pleasant and rewarding.

Yours faithfully,
THE INSTITUTION OF RADIO AND ELECTRONICS
ENGINEERS AUSTRALIA.

K. G. KNIGHT.
GENERAL SECRETARY.
