Ref: Yours of 11th

Greetings Alex:

Please include under Cosmology
the following by me:

"A Timeless, Boundless, Equilibrium Universe",
Proc. Astro. Soc. Australia, Vol 4, No 4, 1982
p 482 & 3.

"Big Bang Creationism", Physics Today, Nov.
1982, p 108 & 9.

The response to latter was surprising.
The University received over 70 requests for
Occasional No 9. They came from 24 states in
USA plus 10 foreign countries. Physics Today
really gets around. A peculiarly large number
were attracted by the religious aspect. Perhaps
God is not dead yet!

Regards,

Grote Feber
