Director
National Air & Space Museum
Independence Avenue
Washington, D.C.
U. S. A.,

Dear Sir:

Recently a memorandum arrived from Illinois Institute of Technology in Chicago. It suggests, or implies that you have an exhibit, plaque, or whatever relating to my radio astronomy activities. Please advise whether or not this is true. If so, I am greatly flattered. Perhaps you can give to me some details?

I am,

Sincerely yours,

A handwritten signature in cursive script that reads "Grote Reber". The signature is written in dark ink and is positioned above the typed name and address.
