Dear Dr. Gergely:

Yours of 28/1/92 arrived on
12/2/92. Thanks. When proceedings of WARC-92
are available, I'd appreciate receiving a copy.

I've written to FCC four times in last
year. Only one reply was received from Larry D.
Eads of Mass Media Bureau. It was waffle designed
to get rid of me. Please make fone inquiry to
FCC. Try to find someone with wit and gumption
enough to provide the information I need.

Specifically, I want frequency, call letters,
station name, managers name, and full address of
all stations operating in North America from
1000 thru 1200 KC. There are probably less than
a hundred. This data is filed somewhere. All
you have to do is locate where. Once I have
detailed information as above, I'll carry the
subject from there.

I'm sorry to bother you about subject.
Unfortunately I've trouble getting past the horde
of incompetent and shifless clerks at these
institutions. If you need more information, just
let me know. Thanks in advance. I am,

Sincerely yours,

Grote Reber
