

9th May, 1961.

Dr. Jerome B. Wiesner, Chairman  
President's Science Advisory Committee,  
White House,  
Washington 25, D. C.

Dear Dr. Wiesner:

Enclosed is some evidence supporting my earlier letter. I am sorry to bother you with this matter which is none of your making; merely something you have inherited. The thing has dragged on so long that it is no longer possible to close ones eyes and attempt to ignore it.

I am

Sincerely yours,

Gracie Reber
