

18th April, 1967.

Professor Kunihiko Kigoshi,
Gakushuin University,
Mejiro,
TOKYO,
Japan.

Dear Professor Kigoshi,

On 16th January we sent to you via air parcel post two charcoal samples for carbon dating. Also a payment of U.S. \$100 was sent through the banking system. Please advise where this matter stands. I would like to secure these dates before the end of the month.

Yours faithfully,

Grote Baber.
