

3rd February, 1967.

Dr. H.S. Jansen,
Institute of Nuclear Sciences,
Private Bag, Lower Hutt,
NEW ZEALAND.

Dear Dr. Jansen,

Thank you for your letter of 26/1/67 which contains exactly the kind of information I'm looking for. The constant C-14 relation is quite satisfactory. I note that \ln stands for natural logs, which is 2.3 times base 10 logs. Thus 542 converts to 1250 years.

Yours sincerely,

Grote Reber.

GR/JCA
