AND REFER TO:

3490-90/51 wd

NAVAL RESEARCH LABORATORY

WASHINGTON 25, D. C.

MAY 29 1951

Mr. Grote Reber
Central Radio Propagation Laboratory
National Bureau of Standards
Washington 25, D. C.

Dear Mr. Reber:

I have been making some burst observations at 8 millimeters and have some data on a burst which occurred 18 May 1951 at about 1500. The corresponding SID was 1505.

I would appreciate a trace of any observation you may have made of this outburst.

Sincerely,

John P. Hagen
