Att: Mr. J. E. Jennings.

Ref: Yours of 18/10/66.

Dear Sirs,

The book Radio Astronomy by Kraus was posted from Hightstown, N.J. on 11/10/66 and arrived here on 17/10/66. Thank you. I am not a teacher. However this is the only book on radio astronomy I have seen which is suitably organized for use as a text. I have written a review of this volume which will appear soon in the Journal of the Franklin Institute.

Yours faithfully,

Grote Reber.
