~~Dear Bridle,~~

Congratulations on the senior scholarship to which you were elected yesterday. This takes the place of your entrance scholarship and is likewise worth £100. As you are about to begin research the presumption is that it will be converted into a Research Scholarship, again of the same value, next term. Do not ask me why these phases have to be gone through; I think the emoluments system is unnecessarily complicated, but it does not operate to the disadvantage of the beneficiaries.

Yours sincerely,
