Dear Grote Reber,

Further to our correspondence we are now pleased to advise that your flights are all confirmed and the Insurance has been approved.

The 6 weeks T4 policy is \$206.00 for top cover. The air pass as at today's rate USD609.00 converts to AU\$838.00. This is always subject to currency change. As you are going in and out of Canada you will also need to pay CA\$25 = AU\$26.00 US6 + US6.50 taxes which total in AU\$44.00.

This is required to be written on to your United Airline ticket. Please do ensure that your re entry permit is up to date before departure.

If you require all of the above we will need the total amount by 12 May at the latest in order to get tickets back to you intime. Earlier would be better.

Many thanks and please let us know if we can be of any further help.

Yours sincerely,

Angela D'Ettorre

Friday 12/5/95 11 am talked to John Cogan. Showed him my passport brought up to date. He would expedite the tickets.

Tuesday 16/5/95 1040 am at Post office, Tom Carr, postmaster, said someone rang this morning and said tickets had been put in mail last night. Apparently too late, as nothing in mail this morning.
Wednesday 17/5/95 1110 am picked up tickets
