

Dr. E.G. Bowen,
C.S.I.R.O.,
University Grounds,
CHIPPENDALE, N.S.W.

Dear Dr. Bowen,

Thank you for your kind note of the 6th. It formalises a de facto arrangement which has existed here since my arrival fourteen months ago. I wish to express my appreciation for the assistance, both real and moral, of Dr. Don Martin and his staff and in particular of Mr. Max Bennett. They were instrumental in locating for me a suitable place to conduct my experiments near Bothwell. Also, over the past many months, the provision of office and clerical assistance has relieved me of much that could otherwise be drudgery.

Finally, being able to work under the quasi-shield of the C.S.I.R.O. has provided me with a reputable background and association not otherwise readily secured.

I am,

Sincerely yours,

Grote Reber.
