Dear Dr Reber,

for a popular report on
Radio Astronomy I wanted a striking picture
of an instrument used in this field.

I would be very grateful if you would be
so kind and send me a print of the fine
illustration on p. 280 of AphJ 100.

Yours sincerely,

H. Socher

Dr Hermann SOCHER
Acting Director

PS. I would also be most grateful for
reprints of your papaers.
