CANBERRA, A.C.T.

Dear Bart,

When you were here in June I agreed to give a talk before your group early in October. Recently the C.S.I.R.O. has organized a Solar Cycle symposium for the 12-15 November which I expect to attend. It would be more convenient for me if the date of my talk could be changed to the week before or the week after this symposium.

Best regards,

Yours sincerely,

Grote Reber.
