Mr. Grote Reber
212 W. Seminary Avenue
Wheaton, Illinois

Dear Mr. Reber:

In answer to your letter of October 20th, this is to advise that we have no tube available which will give you as close a regulation as you desire. However, I am sending you our Application Note #96 which outlines the design features necessary for a regulating power supply, which may be of some assistance to you with your problem.

Very truly yours,

L. C. Hollands
