Mr. Warren L. Green  
7202 North Mercer Way  
Mercer Island, Washington

Dear Warren:

Your letters of the fourteenth and twenty-fourth of August were timed just right, as I received them shortly before leaving Hobart and after arriving in New York City.

The picture of you and the early Dublier radio phone is very good. I look forward to seeing the display at the Museum of History and Industry.

Your enclosure about the Seattle Fair whets my curiosity. I expect to spend a day there. The precise dates of my visit to Seattle still depend upon what happens in San Francisco. However, I'll be in Seattle a few days during the first week in October and will contact you by phone depending on circumstances.

Best regards,

Grote Reber
