Gentlemen:

Recently I've returned back here. Your letters regarding the date of sample C-322 are at hand and much appreciated. I hope the Research Corporation has paid you for this work. If not, let me know and I will get things in motion.

I wonder if any charcoal was left after you made the analysis. If so, I'd appreciate having whatever remains sent to me here via parcel post. Thank you.

Very truly yours,

Grote Reber
