Dr. Grote Reber
Radio Astronomy
Green Bank, West Virginia

Dear Dr. Reber:

Work Order Number C-322

Analysis of your sample of charcoal from South Arm, Hobart, Tasmania, Australia, yields a radiocarbon age of 2080 \pm 100 years before present.

We trust this result will be helpful to your work and we look forward to serving you again in the near future.

Sincerely yours,

ISOTOPES, INC.

Milton Trautman
