

21st December 1962

Mr. Roy Alexander, Editor  
TIME Magazine  
Rockefeller Center  
New York 20, New York, U.S.A.

Dear Mr. Alexander:

The December 14th issue of  
TIME carried a substantial article upon radio  
astronomy including comments on my early work.  
I was greatly pleased and flattered. At lower  
left on page 44 is a picture of my radio telescope  
at Wheaton, Illinois. It is a very good picture  
which apparently was made by one of your staff men.  
I would appreciate receiving two clear medium  
size prints for my antiquarian collection as it  
reminds me of old times in a pleasant way.

Thanking you in advance, I am

Sincerely yours,

*Grote Reber*
