Dear Mr. Atanasijevic:

Thank you for your letter of January 26th. Enclosed are reprints from the Proceedings I.R.E. for August 1942, July 1947 and October 1948; also from Nature for December 1948. I hope these will be of some assistance to you in your researches in astrophysics.

I will be pleased to receive a copy of the Bulletin de Serbie you mention. Also I will deem it a great favor if you will keep me informed of any progress made in the field of radio astronomy in your part of the world.

Sincerely yours,

Grote Reber
